**GLEE CLUB**  
Friday noon, March 19, will witness the departure of the Alma College Glee club on what appears to be the most promising tour of recent years. Lee Sharrow has been serving in the capacity of advance agent for the past week and returned home Friday with the trip all planned for spring vacation. The club will be out eleven days and will give nine concerts. The itinerary is as follows:

March 19—Stanton.  
March 20—Greenville.  
March 21—Sunday Sacred Concert.

March 22—Belding.  
March 23—Lowell.  
March 24—Grand Rapids.  
March 25—Jonia.  
March 26—Lapeer.  
March 27—Flint.  
March 28—Sunday Sacred Concert.

March 29—Saginaw.

While on his trip Mr. Sharrow met Prof. Veach, who assures us that he will hear us in Grand Rapids South high school, and who sends his regards to Alma college. Mr. H. C. Moore and "Clint" Seeley are boosting the Flint concert.

While at Ionia, Warden Fuller of the prison was reached by phone and he will once again welcome, and entertain his Alma Glee Club friends, who, in their turn, will give a noon-hour concert before the inmates.

The trip this year bears promise of financial success, as well as being a treat for the men, and a splendid aid for Alma college. However the Club needs boosters—girls of the good old fashioned type who made the fellows go to practice instead of trotting "out" for an evening. Let's all boost for a successful trip and a rousing Home Concert in April.

## Coke! Coke! Coke!

ON Account of the great demand for Coke we have not been able to make enough coke to supply the demand. With the milder weather coming on this demand is naturally diminishing and we are again able to fill all orders.

If you are a regular coke customer we need not tell you of the advantages of coke because you will never want to burn any other fuel.

If you are not burning coke, however, and your furnace and chimney are clogged with soot—then order a ton of coke and clean out your heating system.
